Re: Employee Assistance Program Report

Dear Ms. Houser:

On March 26, 2008, the Board of Equalization ("BOE") facilitated group sessions which were conducted in order to provide a review of concerns about the mold / health issues in the building at 450 N Street in Sacramento.

On April 16, 2008, a representative of California Attorneys, Administrative Law Judges and Hearing Officers in State Employment ("CASE") attended a meeting at the BOE along with other employee union representatives. During this meeting, the Employee Assistance Program ("EAP") counselor provided CASE with a draft copy of the EAP report and allowed CASE to take part in any revisions that needed to be made to the report. The EAP report was then revised accordingly by the EAP counselor.

CASE has reviewed the final EAP report and believes that this report is an accurate representation of the comments and concerns that were voiced by BOE employees at the EAP meetings which took place on March 26, 2008.

As always, thank you for your support of CASE and your colleagues in Bargaining Unit 2.

Sincerely,
